# Spring at Wayside

# SPRING FORWARD

Spring brings promise, revitalization, new ideas and inspiration.

Wayside House is fully open! The flowers are blooming and birds are singing. We are ready to receive guests from all across Canada and the USA, who wish to be cared for physically or be supported metaphysically in their spiritual journey. We are pleased to report that vaccinations and testing are no longer required for guests or visitors. So please come to see us soon, in the beautiful city of Victoria. We won't disappoint!

# TESTIMONY OF GRATITUDE

We were blessed beyond measure when our mother Isabel, age 94, needed more round-the-clock support and moved to Wayside House last September. Our mother's journey and recent passing couldn't have been more peaceful, for which we will always be grateful! The staff at Wayside House cared for her as if she were their mother. They were personal and professional, so very respectful, responsive to her needs, and attentive to detail. For instance, when they noticed how much our mother loved hummingbirds, they fastened a hummingbird feeder to her window so that daily she could witness the coming and goings of these delightful visitors. Meals were home cooked and delicious, tailored to her needs, and beautifully presented. The doors were always open to us, her daughters, to visit daily, even with our dogs. We would like others to know what a jewel Wayside House is and what a tremendous gift the entire staff has given us in their dedicated care and understanding of our mother: they saw her beauty, grace, her wholeness, and held her in love.

With gratitude, Franka & Isabel Cordua-von Specht

# FROM THE NURSING FLOOR

We are always so fortunate to have such an active, healing practice at Wayside House.

In April, our nursing staff has been hard at work participating in two in-service workshops with Christian Science Practitioner, Kate Gibson-Oswald, CS, and Patty Neurnberg, Le Verger trainer. This supplemental training has been essential for our team as we strive to continuously learn best practices and care for the variety of needs a Christian Science Nurse must meet.

Our gratitude overflows for the support staff who help us maintain a peaceful, healing atmosphere here at Wayside House. We have witnessed many healings this season, including aggressive physical and mental suggestions. We daily see evidence of God's continuous care for our staff, who have been protected and kept afloat during tight scheduling and a busy spiritual renewal wing!

# **RESIDENT ACTIVITES**

A recently established highlight for those staying at Wayside is our Book Group. We have been reading "We Knew Mary Baker Eddy Volume II". This activity has been an absolute blessing for all who participate. Staff members, care patients, and spiritual renewal guests alike, come together to read section by section, followed by a brief discussion. It has been the perfect spark of inspiration for our weekday afternoons.

# **STAFF UPDATES**

A big bouquet of thanks, goes to our friends Linda Wilfur and Margit Waterman. Both of these generous ladies came out of retirement to help us through some staffing challenges during the past year. Thank you! We wish you both well as you return to your retirement.

It is our pleasure to introduce to you our newest member of staff, Daniela Palma. She will be serving as a General Facility Aide. Daniela comes to us from Mexico with her lovely daughter Camila. Both are living at Wayside House. WELCOME!

"There is comfort and sweet assurance; For each turns to God for his share. Oh! Let us rejoice that goodness, Will turn us to God from self ."

# **IN MEMORIAM**

On April 21st, Wayside House held a commemoration of remembrance for our dear friend and office administrator Cecil Cranston. Cecil passed away suddenly last month after years of thoughtful, efficient service and loyal friendship to Wayside.

We are so grateful to our community, who have been prayerful, supportive, and patient with us during this time.
